

RHO TAU SIGMA

NATIONAL RADIO & TELEVISION SOCIETY  
Honoring Collegiate Broadcasting

Special News Release To All Collegiate Stations:

TROY, N.Y., MAY 15, 1954. At the May 15 Region 3 Conference of the Intercollegiate Broadcasting System, Alpha Chapter of Rho Tau Sigma announced the formation of an honorary fraternity whose constitutional object is the honoring of those who have achieved outstanding distinction in the extra-curricular field of radio and/or television broadcasting.

Those stations represented received the announcement with great enthusiasm. It was pointed out that the Society aims to recognize on a national basis those persons who unselfishly devote their time, efforts and ideas to the development of all forms of extra-curricular broadcasting.

Eligibility for membership is not limited by sex, race, color, creed, or financial condition, and initiation fees are constitutionally limited to a small amount to prevent automatic restriction of membership.

Complete information, including the National Constitution, of interest to all broadcasters, will be sent to stations early in September by the National Officers of Rho Tau Sigma. In the meantime, your preliminary comments are cordially invited. Please address all replies to Alex Ivanov, Secretary, Rho Tau Sigma, RFI - 15 Street Lounge, Troy, New York.
